(BT A. P. NIGHT WIRE)
BAN FRANCISCO, Aug. 1,-In

a copy of a telegram sent to the Los Angeles chamber setting forth why it was decided to have the 'round-the-world flight of three United States army airplanes terminuate at Seattle rather than Santa Monica.

Gen. Patrick stated:

"In deciding to terminate the flight at Seattle, from which point, the actual trip around the world commenced, I have been influenced by a number of considerations, the most important of which is that (Continued on Page 2, Column 6)

COUNCIL'S RESOLUTION URGES COOLIDGE, WEEKS AND WILBUR TO TAKE HAND IN FLIGHT PLAN

At yesterday's session of the City Council, Councilman Baker troduced the following resolution, which, after being seconded Councilman Criswell, was adopted unanimously: "Whereas, the flight of the United States Army aviators

and the world started at Clover Field, Santa Monica, and "Whereas, a tentative decision has been reached by Gen. Patrick, head of the Air Service, to end the historical flight officially at Seattle, one of the refuelling and refitting stops en route, thus departing from the original program of this historical flight after the actual embarcation of the flyers, and
"Whereas, every consideration would seem to demand that

this epochal flight should be completed strictly in accord with the plans under which more than two-thirds of the globe have been traversed successfully, be it, therefore, "Resolved: That the Los Angeles City Council herewith

voices its unanimous conviction that the world flight record can only be accomplished and completed by ending at its official starting point, Clover Field, Santa Monica, Cal., and be it further That a copy of this resolution be wired at once to President Coolidge, Secretary of War Weeks and Secretary of the Navy Wilbur, urgently requesting them to give this matter heir consideration to the end that the decision to alter the flight

Plane Crashes Before Mourners as Airman Prepares to Drop Wreath in Grave of Brother Aviator

RENO (Nev.) Aug. 1.—Flying low to drop flowers in the grave of former mechanic at the Reno air mail field. William F. Blanchareld, mail pilot, crashed to his death here this afternoon as a group nourners stood waiting for the tribute from the skies.

The plane burst into flames on as P crashed. hitting the ground. A residence WOS near which it fell was destroyed. An umber of women fainted, a MINISTER JUST THROUGH
As the officiating minister at the process quoted: "For inagraph as tinued." MINISTER JUST THROUGH As the officiating minister at the services quoted: "For inasmuch as it hath pleased the Almighty God in his infinite wisdom to take out of the world, the soul of our beloved brother, we therefore commit his body to the grave—earth unto earth, ashes unto ashes, dust unto dust." The roar of a plane partially drowned the words. Blanchareld flew over the open grave, and the westbound mall for San Francisco, circled over the wreath.

The minister paused waiting for the filer to swing back.

A crash broke the stillness of the mourners, they raised their service.

Blanchareld was on the Reno-Elko run of the air mail service.

With rather unwonted gallantry the thin captain showed his plump little caller out, and immediately set to work on her story, or rather on the woman herself. In the first place the police records contained nothing against her. The police district in which the Kingsel apartment building was located knew nothing against wer. The agent of the building gave her an excellent reputation. She had been a tenant for four years, giving no occasion for complaint, paying her rent promptly with excellent reputation. She had been a tenant for four years, giving no occasion for complaint, paying her rent promptly with checks on the Park-avenue branch of the Bullion Bank. The manager of the branch bank gave her a good reputation. Hers was a small business, of course; capital invested probably not over \$10,000, but it was managed with prudence, for Mrs. Littleton not only maintained good credit at the bank, but from time to time invested a few thousand dollars of surplus profits in tiptop bonds. Into great while after Mrs. Littleton left Welbasky's office, a detective presented himself unannounced at the house on Washington Square with a message that Miss Marsden was to accompasy him at once to headquarters. The sword, it seemed, had descended With hardly a question or comment Flora accompanied the man out to his waiting car, while her mother telephoned to her father mother mother telephoned to her father mother mother mother mother mothe

CALAWAII TO CALL AT TWO ISLES

Liner to Make Special Trip to Maui and Hawaii After Reaching Honolulu

When the Los Angeles-Honoluly liner Calawaii, which sails at noon today for Honolulu arrives in Honolulu next Saturday the liner will make a special voyage to the Islands of Maul and Hawaii, it was

company announced the special voyage was a result of the fact that the Islands of Hawaii and Maul present tourist attractions the equal of those of Oahu on which Honolulu is located. Increased business possibilities offered by the cities of Hilo and Maui located on these islands also made the special

that ship engage in a foreign voyage when it "goes nowhere and comes from nowhere?"

These are some questions that a races at Los Angeles. Harbor this week. They were solved by W. H. Wickersham, broker, and they a make year and they are an authorized to call on the Japanese steamer Chichibu Maru, lying outside the three-mile limit, and transport fish to shore.

It is the first such situation to arise locally. To add to the complexities, the Chichibu Maru was a foreign ship and forbidden to engage in coastwise fishing, but she had refrigeration and was needed by the local industry and Washington finally permitted her to lie offshore as a supply boat but not transport the fish ashore.

It was decided the ship was not a foreign port, but that the Protector transporting fish from her actually was on a foreign voyage, although continuously in American fishing waters, and "going nowhere nor coming from nowhere." So instead of clearing for any port or for the ship, the Protector was cleared for the open sea, under registry, with Ensenada provisional lest she be picked up by Mexican patrol boats and penalized.

The only precedent was a recent government libel against a New York boat supplying rum runners. The boat was merely enrolled for coastwise trade, whereas the court ruled she had engaged in a foreign voyage without necessary registry papers and was subject to forfeiture.

Local Woman Mathies show that one marks the court for the work of the profession of the promote of the profession of the profession

Tilden Victor in Two Torrid Sets, 6-3, 6-3

land Roberts Trims Davies; Chapin is Victor

BY BILL HENRY Those who though Bill Tilden brought on the perspiral krinkled brow and almost in him take his sweater off. Ti match was whole lot closer than the score indicates. In fact, M William hadn't hesitated to let out his daily yelp about the applause from the gallery the chances are that Godshall would have done very much better than he did.

As the result of yenterday's play, Tilden meets Wallace Bates of San Francisco in the upper semifinal and A. H. Chapin, Jr. of New England tangles with the rejuvenated Roland Roberts of San Francisco. Bates downed Sindorf in a teriffi struggle 5-6,3-6,7-5. Roland Roberts beat Jim Davies in a match fully as good as the Tilden-Godshall affair 6-3, 2-4, 6-2 and Chapin beat Tom Ferrandini in a sad exhibition 6-3, 6-3.

SELLARS WIN The only final match of the day was that in which Bobby Sellars of San Francisco, 1923 Pacific Coast boy champion, defeated. Howe Bancroft of San Diego, 1924 Coast boy champion, defeated. Howe Bancroft of San Diego, 1924 Coast boy champion. The youngsters fought nobly for the championship, Sellars grabbing the first set 5-1 and dropping the second 7-5, then winning the last 5-3. Bancroft's steadiness had Sellars badly worried and the San Diego boy led at 2-1 and at 3-2 in the final set only to drop his own service. Sellars excelled in his volleying.

The Tilden-Godshall match was a really sensational affair and much more startling than had been expected. Godshall started out with as much confidence as it he was playing Jackie Coogan instead of the national champ. He won his own service the first two times and gave Tilden something of a battle on his. He was hitting the ball with terrific speed and volleying beautifully.

After a terrific battle Godshall dropped his third srvice game to give Tilden a lead of 3-2 and Tilden a lead of 3-2 a as that in which Bobby Selle

After a terrific battle Godshall dropped his third srvice game to give Tilden a lead of 3-2 and Tilden pulled out his own service to make the lead 4-2. Here Godshall made a Dunker Hill stand

the crowd became particularly enthusiastic and Tilden protested to
the unpire who amounced that
Mr. Tilden said he simply couldn't
play tennis under such conditions,
and asked everybody to refrain
from applauding until after the
point was over. This was just
enough to unnerve Godshall, and
it wasn't necessary for Tilden's
game to improve to win the set, as
Godshall didn't succeed in gathering himself together until Tilden had built up a commandinglead in the second set. Then he
pulled through and succeeded in
winning three more games on his
own service, but Tilden wasn't in serious danger. Tilden and Weiner

own service, but Tilden and Weiner rious danger. Tilden and Weiner later defeated Bundy and Herd, 6-2, 6-3, in a match in which Bun-dy's wicked placements down Til-den's alley furnished the gallery with something to yell about. IN OLD-TIME FORM

IN OLD-TIME FORM
Roland Roberts looked more
like the Roberts of old than he
has for years when he beat Jim
Davies, 6-3, 2-5, 6-2. Juavies
played like a fiend, particularly in
the second set, but the terriffic
hitting of Roberts on his forehand
carried the tide of battle. Ro had
his service going like a builet and
charged in to the net to finish
off the returns with wicked crosscourt volleys.

The match between Chapin and
Ferrandini, of which so much had

Earl France, who has just finished knocking 'em dead
in Australia, Gene Cline and
perhaps Bobby Barrett of Philadelphia. This latter youth is
the young man who performed
the impossible feat of knocking out Jimmy Duffy when that
young man went East a couple
of years ago to capture the
world's welterweight honors.
Duffy would doubtless like to
meet Barrett again.

Ritchie ought to do very
well, but what be needs is
some good careful management. If he can knock over
a couple of good fighters for
a starter he can undoubtedly
command a fight with the
winner of the Leonard-Walker
fracas, and that would mean a
fat purse for Willie's end. On
the other hand, dropping decisions to tough fighters of the
Duffy. Shade, France type
might completely mess up
Willie's well-laid plans. Wilille, it will be remembered, is
a very alow starter, and you
can't start slow and beat a
good man in the four-round
game.

Wille has a lot of advantages. He keeps in perfect
condition, is a good defensive
fighter, a hard hitter, and uses
the contents of his skull to
good advantage. He is very
courageous, and is thoroughly
capable of making it unpleas(Continued on Page 10, Column 4) (Continued on Page 10, Column 4) (Continued on Page 10, Column 2) ************

TIED BY VANCE

BOX A DRAW

OBSERVATIONS BY BYSTANDER

(Continued from Ninth Page) ant for any good welterweight.

If Willfe has been getting
plenty of good boxing, and
presumably be has, he ought
to be in good enough shape to
fight himself to a title encounter in short order. He
held the world's lightweight
title from 1914 to 1917.

The showing of Harvey Snodgrass and Walter Wesbrook as a doubles team took a de-cided turn for the better this cided turn for the better this past week with their slaughter of White and Thalheimer, intercollegiate doubles champians and winners of several tournaments, by the decisive score of 6-0, 6-0. Then they gave Bill Johnston and Peck Griffin, probably America's best doubles combination, a terrific argument before admitting defeat by scores of 5-7, 6-3 and 7-5.

mitting defeat by scores of 5-7, 6-3 and 7-5.

If their work Thursday was any criterion, they should be up among the top-notchers when the nationals come along. Johnston and Griffin, the Kinsey brothers, Richards and Hunter, Olympic champs, and Williams and Norton, should they choose to team up, are the pick of the country. Tilden and Wiener will have a tough job cutting any loe among these teams. Johnston and Griffin have a good chance to regain their national championship this time.

The consistent victories of

The consistent victories of Bud Houser over his gigantic opponents. Thy Hartranft of Stanford, Ralph Hills of Princeton and Swede Anderson of U.S.C., has led to a lot of arguments as to Houser's ability to break the present world's record of 5ift. made by Ralph Rose. With no reflection on' Houser, who is, to our way of thinking, the finest competitive shot-putter in the world, our guess is that any of the other three are more likely to break the record than Houser.

Shot-putting is a combina-

likely to break the record than Houser.
Shot-putting is a combination of form, strength, weight and speed. Houser has them all, and has the happy faculty of being able to do his best when he has to do so. But the ou seer, undoubtedly the strongest man, of his weight, is anywhere from twenty to forty pounds lighter than his opponents, and those added pounds mean added inches to the put. When Tiny Hartranft is relaxed and not worrying about being beaten, he is likely to put the shot 52ft. one of these days.

While Lou Daro, the demon

While Lou Daro, the demon grappling promoter. Is hustling around trying to arrange a top-notch match featuring Strangler Ed Lewis, he could do a lot worse than to put Lewis against Toots Mondt in a handicap match, Lewis agreeing to toos him in a certain length of time. Toots is not one of these birds who retires into a shell and tries to stick out the allotted time by purely defensive work. He proved that by climbing all over Zibby in their handicap match recently, and he is big enough and tough enough to ranke it very interesting for Lewis.

VOTERS RALLY TO SAVE FISH

California Citizens Break All Petition Records

Bed for Royal Salmon State is United in Move to Put Thing Over.

Klamath River to be Seed-

BY EDWIN L. HEDDERLY

That the people of California have broken all records for initiative petitions by piling up away over 100,000 legally qualified signatures, thereby placing upon the November ballot proposition No. 11, forever to protect the primitive agnificence of Klamath River a a perpetual seed-bed for stocking on and its own peculiar strain of mammoth Rainbow trout, is the good word wired by President Frank M. Newbert of the sports men's Fish and Game Commission

mens Fish and Game Commission yesterday.

Los Angeles country's contribu-tion of 31.634 signatures duly veri-fied as voters from a grand tota of over 61.000 filed in the gross by enthusiastic co-operators who

the servation, has rum true to its record ord for real red-blooded sports, manship of the militant kind. By much the most remarkable demonstration of awakened popular interest ever shown in maintenance of our enormously valuable outdoor recreation assets, shis avaianche of public opinion still trolls on, growing by accretion unfill thousands of signatures have accumulated over and above the totals filed. Between 1, 150,000 and 100,000 men—and women—have signed these petitions in California, thousands putting themselves thus on record, intending to register and vote "aye" on No. 11 in November. As a stimulant to the public duty of registration the position has been an eye-opener to numerous captains of industry, who never before had an diverse beyond mention, but never before such a spontaneous sprising of the people to protect etcl their own. Following the public-spritted leadership of the Automobile Club of Southern California, every big bank in town, the street and interurban railroads, department stores, automotive trade, motion-picture industry, sporting and athletic clubs, jew-selry, clothing, shoe, hardware and outing firms, enterprises directed by even bigger men and sportsmen at heart, who recognized that all work of the Fish and Game Commission in maintaining salmon and trout in major rivers otherwise ruined by power and irrigation development, depends upon preserving intact the mighty Klamath, last remaining source of the essential egg, foundation of California's now world-famous fish culture. Of such applict are those who achieve greatness is trust upon them. How much better to have grown with California than parasitically growing upon her?

GREAT STORY

Altogether, a wonderful story, has unfolded of outraged public plants. lege, won the 800-meters flat, in 1m. 55 3-5s; Paulen, Holland, was econd, 1m. 55.7s., and Martin, The shot put was won by Sweden, Jansson registering 14.1 meters; Emerson Norton, George-Sweden won the 1600-meter re-lay race in 3m. 13s. The United States was second with 3m. 26 3-5s.

California than parasitically growgreeted with cheers and Lionel
Belmore was also there with the
silent stuff.

SOME WAIST LINE

Red Williams prevailed over
Jack Moore. Jack had almost a
double chin over the waist language of today worthy abler telling,
which made his breath come in
pants. Red glued his orbs on this
target relentlessly throughout the
scrap and he never failed to hit
in the white. In the last halfminute of the final session Moore
suffered an awful blige and was
about to sink with all on board
when the bell jangled.

Despite the fact that Joe Sacco
is liked on Spring street, that
same liking dion't stop Chuck
Rorden's beating him. Borden

are being offered. Motion-picture celebrities have agreed to act as judges.

VENICE AID FOR NEW

YACHT HARBOR ASKED

By a "Times" Staff Correspondent
VENICE, Aug. 1.—The Del Rey
Beach Improvement Association
has asked that this city lend its support to the yacht harbor project in the South Beach district, which, it is declared, is rapidly taking shape. The association at a recent meeting went on record as heartily in accord with the project and expressed willingness to co-operate in any way possible to bring about a speedy and successful consummation. Although the Board of Trustees has taken no definite action in the matter it is understood that it is in favor of the project. Individual members of the executive body have asserted they will do all in their power to lend impetus to the proposal, which, it is believed, will end much of the congestion at Los Angeles Harbor.

PIONEER DIES

Engineer, the new structure will cost about \$5600, and will be action to set about \$5600, and will be active cost about \$5600, and will be active and the city officers.

For several months the city Councilmen have investigated the need of a City Hail and the city engineer has been preparing the necessary plans. The plans furnished by Engineer has been preparing the necessary plans. The plans furnished by Engineer has been preparing the necessary plans. DAILY TRADE TALK

August Off to Auspicious Start; Business Good and Getting Better; Sizing Up the Situation

SECURITIES **PROGRESS**

In summing up the condition of the Coast iron and steel markets, Iron Trade Review will say this week: "Business continues on a hand-to-mouth basis and sales have been limited to relatively unimportant tohnages. Despite lower prices in some lines a more optimistic tone is noted and the trade generally looks for higher prices and a heavier movement in the near future.

"Awards of concrete bars this week involved small lots only, no large tennages being reported. Demand continues good and several thousand tons are up for figures or pending. Little improvement is noted in the market for markets."

"Plate prices continues and down its production in the Coalings district of Fresno county because of overproduction in the Signal district of Fresno county because of overproduction in the Signal district of Fresno county because of overproduction in the Signal district of Fresno county because of overproduction in the Signal district of Fresno county because of overproduction in the Signal district of Fresno county because of overproduction in the Signal district of Fresno county because

pending. Little Improvement is moted in the market for merchant bars.

"Plate prices continue at 2.40 cents c.i.f. Coast ports for small lots, while more desirable fontages are being quoted on at 2.85 cents. The Moore Drydock Company's penetock inpany secured the Pacific Gas and Electric Company's penetock involving approximately 1000 tons. The Pan-American Petroleum Corporation is asking for figures on six 55.000 barrel tanks and ten 37.506 barrel tanks which will require 2500 tons of plates and 500 tons of shapes.

"Shape prices continue firm at 2.50 cents c.i.f. and structural fabricators report their shops well filled with work. Awards this week totaled ever 2500 tons of the Burnside-street bridge in Portland awarded to the Pacific Bridge Company. Pending business involved over 4000 tons. The Wallace Equipment Company secured 100 tons for the new Standard Odi Company's plant at Seattle.

"Movement of pig iron and

ard Oil Company's plant at Seattile.

"Movement of pig iron and
coke continues light due to restricted operations in the foundry
field. The best grades of Scotch
iron are being quoted at around
\$31 a ton duty paid, but no largeer tonnages have been reported
soid. Stocks on hand are sufficient
to carry over the next rixty days.

"Sheet buying has been confined
to small lets only and 4.80-cent
base Pittsburg is now being quoted
generally, while as low as 4.50
cents has been named on No. 28
gage galvanized. Stocks are low
and it is only a question of time
before buyers will be forced to
come into the market for materials.

IN GROUPS

IMPROVEMENT SHOWN

The Los Angeles office of R. G.
Dunn and Company contributes the following summary of the local situation to Dun's Review published today in New York:

"The business trend generally continues to show improvement and a spirit of confidence in future averages, which are strengthened by a revision of crop prospects for the better, notably in the case of deciduous fruita, latest indications being, that while the crop may perhaps he smaller, the qualities and returns will probably be so much better, the "net" will show no reduction from last year.

"Much activity is noted in retail lines and successful efforts are apparently being made to attract business and keep it up to standard, even during the usually slack summer months. Large distributors of agricultural implements and farm machinery of various kinds, leather beliting, envelope makers, window glass, display-store fatures and decorations, clothing, etc., are gratified with sales and collection totals.

"Banking conditions are reported in sound shape, as usual, with money showing signs of finding more employment along safe lines." Since January, 1924, many new industries have come to Los Angeles and a comparison of its census from 11,092 in 1880; 50,395 in 1930; 576,673 in 1930 to its safely estimated present population of over 1,000,000, with relative increases in Southern California as a whole, will give a fair idea of what may be expected from this section in constant material development of many kinds."

AND THE PARTY OF T

Oil Sand in Gray

The Union Oil Company's Gray
No. 1 in the area east of the
Rosecrams No. 1, east of the Harbor Boulevard, is the latest well
to pick up the sand in this district, according to official reports.
The Gray has stopped drilling at
4006 feet, after taking several
cores showing oil sand.

First indications were found in
a core taken from 3908 feet to
4001 feet, and a second core from
4001 to 4006 feet showed the
same sand. The Gray is directly
north of the Chandler well of the
Union, which is directly west of
the Padelford are approximately 3000

LOS ANGELES EXCHANGE

Buying of General Petroleum common added 3-8 of a point in yesterday's trading on the Los Angeles Stock Exchange, the closing price standing at 43 3-8, although intitial sales were made at 44. United Oil scored the same gain on a final quotation of 28 7-8, while Union Oil Associates declined 1-8 to 57 7-8. Union of California sold off 1-4 to 132 1-2.

Globe Petroleum made its ap-

off 1-4 to 132 1-2.

Globe Petroleum made its appearance on the floor after a considerable period of inactivity, and sold up to 3 cents. U. S. Royalties moved around 8 cents. Standard of California sold at 58 1-2, and Los Angeles Investment at 3.50.

Sales in the mining list were made in Tom Reed at 31, Richmond Consolidated at 8 and Sunnyside at 2 cents.

By Robert J. Pritchard
The fourth great gasser of the Dominguez field blew in early yesterday morning when the DoFrancis No. 1 of the Associated Oil Company in the southeastern part of the field tore loose, and began belching mud, water and sand over the surrounding land-scape. Late yesterday the well was still out of control, and, according to officials, was gassing at the rate of several million cubic feet per day. Large quantities of water and mud are also coming out of the hile, but no oil bas made its appearance, so far, it is said.

The De Francis blowout was a surprise to Dominguez field operators. The hole is down 3550 feet, and other wells in the southeastern district have not displayed any unusual gas tendencies to date.

The Associated has been having some trouble in the De Francis, and was fishing when the blowout cocurred. The crew was just pulling the tools out of the hole when it happened, and were caught with about 2500 feet of drill-stem in the hole. Part of this ctring dropped to the bottom.

The only casing in the De Francis is about 500 feet of fifteen and one-half inch surface play. No analysis of the gas had been made late yesterday, and it was not known whether the gas was a true petroleum gas, or only the dry gas, sometimes called 'marsh gas, which is often found in Southern California and other fields. It is believed to be coming from somewhere near the bottom of the hole.

Athena, is drilling ahead at 3945 feet, without showings, according to official reports. The last core taken was 3978 feet.

Operating officials of the Union had expected to get an oil sand before reaching the present depth, on the theory that the Trust is located higher on the structure than the Athens No. 1. or the Resecrans No. 1. The Trust is now deeper than the Rosecrans when it found the sand at 3916 feet, and for a week the crew deeper than the Rosecrans when it found the sand at 3916 feet, and for a week the crew deeper than the Rosecrans when it found the sand at 3916 feet, and showings a year ago.

Near Production.

BOND QUOTATIONS

AIMLESS TRADING

(BY A. F. Most Wine)

NEW YORK, August 1.—Bond prices today falled to develop a lefinite trend, but the undertone was firm on reflection of the favor

Indications that the inter-allied onference would reach an early

Indications that the inter-allied conference would reach an early agreement, paving the way for execution of the Dawes plan, and floation of a German loan, exerted a healthful influence on foreign government bonds. French 7½'s and 8's reached new high levels on the current movement and Belgan issues scored substantial gains. French municipal and railroad liens trailed behind the government loans.

Movements of the Van Sweringen issues absorbed most of the trading interest in the railroad list. Chesapeake and Ohlo 5's were unusually active.

Bond experts expressed the opinion that little difficulty would be experienced in selling the Treasury's next \$355,000,000 note issue on a 2-per cent basis, in view of the prevailing lew money rates. The last issue of 2-3-4 per cent notes, it was pointed out, was selling at a premium to yield only 1.90 per cent. In some quarters it was believed Mr. Mellon might and market conditions favorable for floamon of a long-term loan.

Two new issues which were offered today, \$12.000,000 Lehigh Valley 5's and \$12,000,000 Duke-Price Power 6's, were readily subscribed.

hasta que los aviadores circunnavegantes arriben. Levantarán una estación de telegrafía sin hilos para mantenerse en comunicación con su barco. Las nuevas de última hora procedentes de Groenlandia dicen que hay mucho hielo en Angmasaglik. El Gertrude se encuentra a veinticinco millas mar adentro con el señor Schultze a bordo y con las provisiones para los aviadores, y está afianzado por los hielos y en la imposibilidad de moverse. En estos días está nebulcos el tiempo por aqui y hay poca esperanta de que sean arrastrados los hielos, por lo menos antes de dies días.

NOTAS LOCALES Fue Brillante el Desfile Cine

Ayer tomó su puesto en el calendario la temporada del cine, inaugurándose con una fantástica procesión de belleza. En ella figuraron casi todas las estrellas de la constelación de la pantalla, y los 180,080 o más espectadores que se amontonaron en las calles centricas, desañando el quemante sol de medio dia, declararon que esa temporada es la más grandiosa de todas.

Ya la formación fúe de tal naturaleza, que sólo Los Angeles, capital de la industria cinematográfica mundial, la puede organizar tan imponente.

Lo bello y lo romántico fueron las especias que sazonaron y dieron vida a la procesión. Hermosas mujeres, hermosos carros alegóricos, cuentos románticos evocados en la imaginación a la vista de corsarios, piratas, princesas de las Mil y Upa Noches, gladiadores de la antigua Roma, baliarinas de la tierra del Nilo, y personajes de una veintena de eras, que forman la trama de la historia del mundo—todo esto pudo verse en el desfle.

WORK DONE ON ARIZONA **BOND ISSUE**

Salt River Association to Offer \$2,500,000 Horse Mesa Project

PHOENIX, Aug. 1.—Past work is being done in connection with the floating of the Horse Mess construction bond issue of \$2,500,000. the floating of the Horse Mess construction bond issue of \$3,500,000. Two representatives of the California Banking Commissioner are expected in Phoenix Saturday to inspect the irrigation project with a view to action on an application to certify the bonds (to be offered the 28th inst.) as a legal investment for California Savings banks. The authority given by the Salt River Valley Water Users' Association is gratifying to the officers of the association, for the vote, on an acreage basis, stood 79,468 for ratification of the proposals made and only 4507 against.

The Horse Mess dam and its electrical equipment are to cost about \$4,400,000, but \$1,578,000 will be added by a bond issue made by the Tempe district, which lately entered the association with 23,000 acres, and \$685,000 by the Roosevelt district, which was a combination of various tracts that had been without water, though under canals.

Completion of the Mormon Flat dam will be a fact by the time the new work is to be started, and the feres, though much increased, will be moved to the new scene of activity, farther up stream.

WAR BREAD AGAIN ON ROME'S BILL OF FARE

ROME, Aug. 1.-Beginning St Notice of teneral later.

Go To Church Sunday

The Christ in Drama!

Can Christ Be Portrayed by Men?

A sermon study by Dr. Frank Dyer, Ambassador Hotel Theater, 11 a.m.

Guest of Honor Mr. Henry Herbert of THE PILGRIMAGE PLAY

My Dear Friends:

We are to have a unique service on Sunday morning. The serious attempt now being made to present the Christ through the dramatic art raises the question whether one who is so divine can ever be portrayed by men. I am glad to welcome to my pulpit, one who is sincerely trying to present not only the form of Christ, but His message. It is a stupendous task. Come and share in his welcome—and make it a memorable spiritual hour.

With warmest greetings to all our friends,

FRANK DYER.

How to settle it the man who, in his application for divorce, made complaint that there was too much sediment every morning in his coffee cup had other than coffee grounds for divorce, namely, dogn. He told the judge that it his wite had conferred upon him ene-tenth of the tender endearments which she bestowed upon her canine pets that he could have swallowed what he termed "the poisonous beverage" with a relish, but bad coffee plus too much dog-devotion on the part of his spouse had destroyed his patience.

To include the old-established mountain camps in the prohibited sections would, indeed, be poor policy for everyone concerned, the recort owners, the general public and most emphatically the officials and rangers whose chief object is to shut off the perlicus spark and to eatch the biase in its in-

However, during a fortnight's stay in the woods they may find solace in the reflection that by this inhibition they are afforded an opportunity to get the nicotine out of their systems and that after returning home they may not wish to resume the expensive and, to many, offensive habit.

THE BEAN GUARD

The United States Senate will at least be relied upon to abstain from voting for Candidate Charlie Bryan. They would never endure being presided over by a man that shrouded his dome in a skull cap at all hours.

We hope that some of the inveterate consumers of the weed may not be tempted to smoke in obscure places in the forest where the supervisor doesn't happen to be supervising, but if they do that they shall that Heath is a fine figure of a Chief. We be made to pay whatever penalty is ex-sected by the law.

OUR APATHETIC VOTERS the country stay away from the polls on election day former Gov. Edwin P. Morrow

of Kentucky gravely asserts that our orderly government is seriously threatened

Many of those citizens who regularly fall to vote will regard Mr. Morrow's dictum without emotion, but if it should arouse the civic conscience of only a small percentage of the nonvoting element it will be all to

When our republic was less than half its present age Carlyle, who had no great love; for democracy and apprehended, in factithat ft was "forever impossible," visioned a condition in which we should become "comparatively indifferent to the ballot box," and he inferentially included this 'ndifference among "the enormous megatherians" which would "loom large, huge and hideous out of the twilight future on America." H. S. Pomeroy, a lesser but just as sincare an essayist, says: "The indifferent citisen does the State a double wrong when he falls to vote."

Aside from these considerations, 't may

Aside from these considerations, it may be said that the citizen who neglects to vote does a severe and irreparable indury to himself, for by this neglect as releasing himself to the inarticulate class which dwells in the enervating atmosphere of us-gation. Many affairs of human life are trivial and negligible, but not that of ere-ing. Not to vote when one is able to do so

INCAD PUZZLE

international convention of mathems will be held in Toronto this

ing the chances a man would have
ing the perils of street traffic.

Ing. Not to vote when one is able to do so
is a grievous sin of omission.

With what heart would Washington and
white heart would Washington and
with what heart 50 per cept of the sixth or seventh gene tion of Americans whom they were free from that sort of political bondage volu-

Strange, is it not, that so many militant and other woman suffragists who were damoring so loudly for that franchise only pears old, has been in twelve penitentiaries and sixty-two jails and paid more than \$35, and sixty-two jails and paid more than \$35, a short time ago and who gained it after beet through a hard winter. The wages of sin are always paid in full. Pocket-picking sounds like an easy industry, but it leads direct to a cell.

and other would that tranchise only a short time ago and who gained it after such a hard struggle should be willing, after all, to relinquish it and to "leave the voting to the men"? But stranger still is the attitude of those men who bitterly opposed direct to a cell.

always paid in full. Pocket-picking like an easy industry, but it leads to a cell.

THE HIGHWAYS

During the last quarter the State revefrom the gasoline tax was nearly 6,000 and for the present quarter it is seed to exceed \$4,000,000. Of this hand a collection for our highways the Stand-Off Company turns in about one-quarter. This liquid feel tax works like an endischain. The more the tax the more sney for roads and the more spent on add the more motorists will use them.

This liquid feel tax works like an endischain. The more the tax the more sney for roads and the more spent on add the more spent on add the more spent on add the more motorists will use them.

The more the tax the more spent on add the more spent on this present unhappy condition America will emerge, just as ahe is emerging from other untoward conditions that have prevailed since the great was plunged the prevailed since the great was plunged the word in throbbing romance. True, our dame sels generally marry a blue-eyed, faithful long Tray type, guaranteed to bring home they sigh for the strength of the strength of the suitor of Latin or structure is usually believed to be the last word in throbbing romance. True, our dame sels generally marry a blue-eyed, faithful long Tray type, guaranteed to bring home they sigh for the strength of the strength of the strength of the suitor of Latin or structure is usually believed to be the last word in throbbing romance. True, our dame sels generally marry a blue-eyed, faithful long Tray type, guaranteed to bring home.

tience.

This reminds one of the O. Henry story of the man who found that his wite had married him merely to get some one to carecise her numerous dogs. The O. Henry man drowned his wees in strong drink. In the present case, though few would be so heartless as to recommend such a course, it probably would have settled the unwhole some beverage as well as the marital dispute if the husband, with due secrecy, had made the dogs drink the coffee.

No smoking on the trails along the Kern River. He has observed that most of the forest moke and ashes.

most emphatically the officials and rangers whose chief object is to shut off the perilous ship of the blaze in its in the capture. For this purpose the forest resort is a valuable outpost, right on the firing line. It contains the tools, the instruments, the appliances, the telephone connection, the provisions, the transportation, all the first aids, in fact, for fighting a fire before it has burst beyond human control. If the whole National Forest Reserve could be as well protected as the sections surrounding the established summer resorts the tarrible risk of the countryside confagration would be diminished tenfold and millions would have been saved this State that have gone up in smoke and ashes.

Self-interest, no less than have gone up in times in which we live De Hamilton of the lower and involves no little risk.

In the meantime the girls of America, as well as Europe, continue merrity to bob their hair, with the result that long it their hair, with the result that long their hair, with the result that one little risk as Europe, continue merrity to bob make their owner look to the bobbed-hair cult like a hangover from the Pleistocene Age. And the next time a woman climbs she might purpose the forest the farting flue. It the whole National Forest Reserve could b

smoking on the trails along the Kern River. He has observed that most of the forest fires are caused by the throwing away of cigarette or cigar butts or from the dropping of burning particles of tobacco from pipes of hunters, hikers or fishermen.

Such a decree would have worked not hardship for Nimrod or Walton, neither of whom is reported by history to have been a smoker, but for the modern hunter or fisherman not to be permitted to "blow the cool tobacco smoke" while statking his game or flipping the fly will be considered by many a discomforting deprivation.

However, during a fortnight's stay in the

FISHERMEN END THEIR WALKOUT

Strikers Sign New Contract With Packers

Accept \$200 Per Ton Price

ent Comes as Result of Mass Meeting

Settlement of the fishermen's trike, which had brought the fish-ng and packing industry at Lee les Harbor and San Diego to mplete halt, was announced ate yesterday afternoon. The ap-ouncement came at the conclu-ion of a meeting of 300 fahermen rom this port and San Diego at

from this port and San Diego at Fish Harbor.

At the meeting the striking fishermen agreed to accept terms offered by the principal packers, under which the fishermen will receive a minimum of \$200 a ton for their albacore catches instead of the \$220 a ton they had been receiving before the strike was called. They agreed also not to to resume fishing operations before the 11th inst., in order that the market may absorb the \$600 tons of albacore already packed. SCOUT BOATS GO OUT

ish Harbor, where more than fishing vessels have been ly-fishing the strike was called, a resumption of activity short-fter announcement of settley after announcement of settle-ment was made. It was estimated 100 fishing boats will leave Fish Harbor this morning for ecout service to locate the schools of albacors off the Coast. Some of these vessels will proceed as far as Banta Rosa Island to the north, and Cape San Lucas to the south. Others will scout for albacors, and the service to the south of the service of the south of the service was settled will run until November 1, next. It was offered to the fishermen by the five principal canners this morning, the packers having agreed on a course of action at a conference. Thursday.

YOUNG STAR SIGNS PROTHY DEVORE TO BE

she left the Christie people, that she was quitting comedy for drama, she wasn't spoofing. Having been tried and not found wanting, indeed having made a very fine suc-cess in "The Prairie Wife." with Metro-Goldwyn-Mayer, she has been sought out by the producers and several offers made her. Warner Brothers yesterday signed the diminutive actress on a five-year starring contract, and declare that they think they have made one of the big finds of the year.

made one of the year.

Miss Devore's first picture will be one in which she will co-star with Matt Moore. This will be a film version of Edwin Bateman Marsh's "The Narrow Street," which Julian Josephson will adapt to the acreen.

which Julian Josephson will adapt to the screen.

The stars will have as their director William Beaudine, who directed Miss Devore for two and a half, years at the Christie studios. In fact, after Mr. Beaudine left the comedy field, Miss Devore felices interest in comedy, she says, as she had great faith in his ability as director. On his side, Mr. Beaudine believes that Miss Devore will do big things in the emotional field of acting.

"She is a very clever girl," said Beaudine, "and I expect her to do great things during the next five years."

"The Narrow Spect" is a comedy drama, and will give Dorothy Devore a wide scope.

The young actress was formerly very popular on the two-reel Christie program. At the end of

Jimmie Hogan Edits, Too
James P. Hogan has edited "Unmarrised Wives," the first of his
present series of six features, and
is now directing "Black Lightning,"
the dog story which Dorothy Howells adapted for the screen.

A shepherd dog. Tillo, carries
the title role and numbers among
his supporters Clara Bow, Harold
Austin, James Mason, Eddle Phillips and Joe Butterworth. The locale is the Omark Mountains. Production is at the Hollywood Studios and Hogan's staff remains intact from his previous productions.

SIGNAL TOWER OPENS Picture at Cameo Has Pe Thrills and Much Beauty BY KENNETH TAYLOR

New theaters opening and new leture premieres are getting to be ich a habit that a week passing uneventful. That part of Los Angeles which wanders around in search of bright lights and motor renerators stopped in front of the Cameo Theater last night, where the coast premiers of "The Signal Tower" vied with the respening of he theater under its new name and entirely changed. It now stands mall theaters in town.

"The Signal Tower," an interesting opening attraction is the third of Clarence Brown's late directorial efforts to receive special attention. "The Acquittal." is the third of Clarence Brown's late directorial efforts to receive special attention. "The Acquittal," presented a year ago, and "Butterfity," now on view locally, both show a technique and ability that raise him above the common group of directors. "The Bignal Tower" lacks the engressing interest of "The Acquittal," but it does nothing to minimize its director's name. A cart that includes names noted for consistently good performances is seen in the story, with Virginia Valli, Rockliffe Fellowse and Wallace Boury heading the list. Others taking part are Frankle Darrotin a pleasing role as the child, and Dot Farley playing a straight characterisation. "J. Farrell MacDonald and Hayden Stevenson are also numbered among the east.

First honors go, of course, to the first-named trie, Mr. Fellowse ranking first as the operator of the isolated mountain signal tower. His work is of the rugged type usually associated with his appearance. Miss Valli as his desirable young wife has but a few moments of real work. There evidently was not much attention paid to the role in transferring the story to the screen, for she spends much time walking through the picture and looking very beautiful. Beery does his villatining so well that you are apt to be sorry he must die in the end.

Railroads as backgrounds for compelling dramas and meiodramas have always been successful. There is something intriguing about giant iron monaters faithfully creeping over vast spaces, pulling unbelievable tons of freight and passengers. And in this production they are seen winding up mountain grades, the cool morning sunlight gleaming through tail trees and giving the product trains a breath of life.

The thrills are few, short and

LOVE DEN' PAIR GET TWO YEARS

Judge Vicini Gives Limit to Mr. and Mrs. Hawkins

Convicted of Contributing to Girls' Delinquency

Couple Take It Calmly but Wife's Sister Faints

Ben A. Hawkins and his wife, must serve two years each County Jail for having conr-street bungalow. Such was the intence imposed on the pair yearday by Judge C. P. Vicini in avenile Court, where Mr. and Mrs. wkins were convicted last Tues is wife allowed Karl E. Brainformer City Building Inspec-to use their home as a trysting

to use their home as a trysting ce with Irma Seidel and Jennie vine, both 18 years of age. The timony of the two giris resulting the jury returning a verdict guilty after having deliberated sen minutes.

In pronouncing sentence, Judge ini stated he was making the lalty as severe as the law would mit in order to deter others mengaging in practices simit to those of which the convicted r were accused.

rub it on good.

Mrs. C. H.—Ostelitis deformans, a [Copyright, 1924, George Matthew Adams.]

DUNLAP MAY OPPOSE WIFE

The Mark of Appeal, Division Two, yesheday. The writ was asked by sember 19, 1922, at an estion held to determine if additional territory should be annexed a personal territo grounds that the provisions of the County Water District Act providing for annexation of territory are would let the case go by default,

inasmuch as he had torn up the papers when served upon him in postponed because the ten days during which he has the privilege of filing an answer had not yet

OF PROPHET

DR. DAVIDSON RETURNS DR. DAVIDSON RETURNS
Dr. George Davidson, rector of
St. John's Episcopal Church, has
returned from his vacation in Cimada and will be in charge of services at his church tomorrow morning preaching the sermon which
regularly follows the Sunday school
and the High classes. The sermon in the evening will be by Rev.
Henry Sanborn.

"WHAT'LL I DO?" "What'll I do when Things Gs.
Wrong?" is the subject to be discussed by Mrs. Leila Simon Castberg in a sermon tomorrow merning at the Morosco Theater, headquarters of the Church of Divine
Power. Sunday school, followed
by a song service, will precede
the sermon.

Beverly Hills Ocean Highway Report Ready

Plans of the Beverly Boulevard TO MAN IN HOSPITAL committee for the first sector of the boulevard project extending VICTIM IS UNCONSCIOUS AND HOLLYWOOD POLICE ARE from Beverly Hills to the ocean will be given the City Engineer's office soon in the form of the official report of Assistant Engineer Prince Detective Lieutenants Hack and to City Engineer Griffin Taylor of the Hollywood police di-

Prince and Chief Engineer Woodard and Field Engineer Knapp went over the eleven-mils route and inspected the plans, as they applied to every phase of the project.

VANDERBILT ACCUSED IN THE RESERVE AND ASSESSED FOR THE PARTY OF TH LIBEL SUIT

E. J. Ralph Asks Damages on Magazine Article by Local Publisher

Cornelius Vanderbilt, Jr., editor and publisher of the Los Angeles Illustrated Daily News, was made defendant in a suit for \$150,000 damages for asserted libel filed yesterday in Superior Court by Edward J. Raiph, a former director of the Illustrated Daily News Publishing Company.

The suit is based on an article in the May issue of the Ladies Home Journal in which Vanderbilt was quoted as saying several executives and employees of his paper entered into a conspiracy to discredit the paper and "kill it from the start." A similar suit was filed by Raiph in United States District Court several weeks ago against the publishers of the magazine.
